CATALOGUE:

A PDF format catalogue for each circuit of the exhibition will be downloadable from the web site on the date mentioned in the calendar.

Exhibition Requirements:

IMAGE AND ENTRY REQUIREMENTS: This exhibition is open to anyone; however, an entry may be rejected when the Sponsor or the Exhibition Organizers, in their reasonable discretion, believes the entry does not conform to exhibition rules and these ES-COE.

Membership in any photographic organization is not required.

Entries will not be accepted from any entrant who is on the PSA Penalties List for Ethics Violation. Entry fees are not refundable in these circumstances.

Due to social sensitivities images containing nudes will not be accepted into this salon.

Image creation and ownership

In all sections of the exhibition, images must originate as photographs made by the entrant. They may not incorporate identifiable images produced by anyone else (for example: clip art, replacement skies, or stock images). *Images created in whole or in part by image creation software (frequently called 'AI' images) are not allowed.* Editing or alteration of images is permitted within the limits specified in the relevant section definitions that are available here <https://psa-photo.org/page/division-definitions>

Any person submitting or attempting to submit a totally AI generated image that does not begin with a light capture from the maker, from any Photographic Society of America exhibition, social media, event, or publication, other than for editorial purposes, shall be prohibited from PSA for a period of from 3 years to life.

PSA Star Ratings: To receive proper Star ratings credit from PSA, entrants must provide their names and country exactly the same way in each exhibition. Aliases are not permitted. Please contact PSA in the event of name changes or relocating to another country. Using one's name differently in different exhibition exposes the entrant to the risk that many of their acceptances may not be recognized by PSA Star Ratings.

Reproduction: The entrant permits the sponsors to reproduce all or part of the entered material free of charge for publication and/or display in media related to the exhibition. This may include low resolution posting on a website. The Photographic Society of America (PSA) may request specific permission from entrants to reproduce entered images in its educational materials. The terms of that permission will be mutually agreed between the entrant and PSA except in the circumstances where the entered image is found to breach the PSA Ethics Policy. In those circumstances the image may be reproduced by PSA, without the entrant's further permission, for educational purposes to illustrate serious exhibition rule violations. For those reproductions, the entrant's name will be withheld. Entries will not be accepted from entrants who indicate that their images may not be reproduced in materials related to the exhibition. The exhibition assumes no liability of any misuse of copyright

Re-use of accepted images: Any image that has been accepted in this exhibition, past or present, may not be entered again in the same Division Star Ratings Class in any future

instances of this exhibition. It may, of course, be entered in any other PSA recognised exhibitions but must always have the same title. Re-titling in another language is not allowed.

Entry: An Entry consists of, up to and including, four (4) images entered by a single entrant into the same Section. An entrant may only enter a specific Section once. Entrants may not enter identical or similar images into the same section or different sections of the same exhibition. Similar is defined as almost identical in subject, composition, props, lighting, or technique so that a reasonable person viewing the entries together would decide the entrant has duplicated the previous image except for minor changes.

Titles: Each image must have a unique title that relates to the content of the image. That unique title must be used for entry of that image or of an identical Image into any and all PSA-Recognized exhibitions. Titles must be 35 characters or fewer. No titles may be visible to the judges, and nothing in the image may identify the entrant. Titles may not include file extensions such as .jpg or .jpeg (or any other camera capture filenames such as IMG 471). Titles may not consist of personal identifiers possibly augmented by a number; or include words such as “untitled” or “no title”. Titles may not consist solely of numbers unless those numbers are prominently contained within the image, such as a contestant number in a race.

Color and Monochrome:

Color and Monochrome images from the same capture that share substantial pictorial content in common will be considered the same image and must be given the same title.

DIGITAL IMAGE REQUIREMENTS

This exhibition accepts electronic digital images only – no slides or prints. All entries are to be:

- in sRGB .jpg format
- maximum 3MB file size
- maximum 1920 pixels horizontally, 1080 pixels vertically.

Note that portrait orientation images must still meet the 1080-pixel height limit. Images that exceed any of these maximums will be blocked during the online entry process.

Smaller images may be submitted - these will not be resized to meet the specified pixel limits and will appear smaller when projected for judging.

The upload software will use the name of your image automatically. Eg. The Red Boat.jpg becomes The Red Boat in the competition.

The Exhibition will be conducted in accordance with the rules of the PSA

An entrant's images will not be presented to the judges consecutively. An entrant's four images will be distributed throughout four rounds of judging in that section. Distribution of images will be in the same round order as submitted by the entrant. At no stage will a judge be able to view all the entrant's images together.

JUDGING METHOD

Judging will be conducted online where the judges will be required to use colour-calibrated monitors that are capable of displaying 100% of the image resolution.

Where the image presented is lower than the maximum resolution the images will not be enlarged beyond their native resolution. At no stage will a judge be able to view all the entrant's images together.

Each judge will score each image using a range of 1–9 where the higher score signifies a higher quality image. The total of these scores will be used to determine an acceptance percentage. Acceptance rates will not exceed FIAP and PSA requirements.

Target range: 25-30

DATA PROTECTION

By entering this exhibition, you are explicitly consenting to the personal details you have supplied, including physical addresses, email addresses, being held, processed, and used by the exhibition organisers for purposes associated with this exhibition. You also explicitly consent to such information being sent to organisations that have accorded official recognition, patronage, or accreditation to this exhibition. You acknowledge, agree, and accept that by entering this exhibition, your participation status which includes your first and last name, name of the country used during registration at the exhibition, number of sections entered and number of photos entered in those sections will be made public in a published status list and that the results of your entry shall be made public in exhibition gallery, exhibition catalogue. You also agree and accept the policies regarding Breaches of Rules of the PSA and FIAP.

SUBJECT MATTER AND SECTION DEFINITIONS

Statement on Subject Matter - applicable to all sections

The fundamental rule that must be observed at all times and **applies to all sections** offered in exhibitions with PSA recognition is that **the welfare of living creatures is more important than any photograph**. This means that practices such as baiting of subjects with a living creature and removal of birds from nests, for the purpose of obtaining a photograph, are highly unethical, and such photographs are not allowed in any exhibition with PSA recognition. Under no circumstances may a living creature be placed in a situation where it will be killed, injured, or stressed for the purpose of obtaining a photograph. Images that show live creatures being fed to captive animals, birds or reptiles are not permitted under any circumstances.

There are also concerns about the use of aerial photography, drones, helicopters, low flying aircraft. These should not cause any interference with other individuals or animals which causes a disturbance in their normal activity or disrupts the way any individuals or animals interact with their environment. **Entrants in PSA recognized exhibitions should comply with all relevant laws and regulations, associated with aerial photography, in the country in which the image was taken.**

Entry into PSA recognized exhibitions is conditional on accepting these policies. The content of images must comply with the General Conditions and with the Division and Section definitions listed in these conditions. Images that - in the sole opinion of the judges or the

Exhibition Organizers - do not comply, will be disqualified so the entrant may be aware of the problem when considering entry into other exhibitions with PSA recognition.

FIAP STATEMENT ON ARTIFICIAL INTELLIGENCE

“Important information regarding pictures generated by artificial intelligence (AI):

Please note that: **PICTURES CREATED BY ARTIFICIAL INTELLIGENCE ARE NOT ALLOWED IN THIS SALON!** It is reminded that all parts of the image have to be photographed by the author who is holding the copyright of all works submitted. “Offenders will be sanctioned for life!”

MONOCHROME DEFINITION

PSA Monochrome Definition

An image is considered to be Monochrome only if it gives the impression of having no colour (i.e: contains only shades of grey which can include pure black and pure white) OR it gives the impression of being a grayscale image that has been toned in one colour across the entire image. (For example, by Sepia, red, gold, etc.) A greyscale or multi-coloured image modified or giving the impression of having been modified by partial toning, multi-toning or by the inclusion of spot colouring does not meet the definition of monochrome and shall be classified as a Colour Work.

Greyscale Monochrome images may be entered for Nature, Photojournalism and Photo Travel but toned images are not permitted for these sections.

Monochrome images may not be entered in colour sections of PPD or PID.

Attention is drawn to the PSA Statements on Artificial Intelligence and Subject Matter.

FIAP Definition of Monochrome

A black and white work fitting from the very dark grey (black) to the very clear grey (white) is a monochrome work with the various shades of grey. A black and white work toned entirely in a single colour will remain a monochrome work able to stand in the black and white category; such a work can be reproduced in black and white in the catalogue of a salon under FIAP Patronage. On the other hand, a black and white work modified by a partial toning or by the addition of one colour becomes a colour work (polychrome) to stand in the colour category; such a work requires colour reproduction in the catalogue of a salon under FIAP Patronage.

COLOUR OPEN SECTION

This section accepts all images which do not meet the definitions of monochrome above.

Attention is drawn to the PSA Statements on Artificial Intelligence and Subject Matter.

PEOPLE/PORTRAITS (COLOUR) SECTION

A photograph of a person or persons that may range from a head study to full body length. This section includes candid photographs showing us people in all situations, such as daily life, street photography, traditions, portraits, people at work, social events, human relations. etc. The main subject in the photo must be one or more humans.

Attention is drawn to the PSA Statements on Artificial Intelligence and Subject Matter.

Due to social sensitivities images containing nudes will not be accepted into this salon.

Seascapes (COLOUR) SECTION

This section accepts all colour images. A seascape is a photograph of natural coastal scenery, a wave study, or a picture of the open sea, provided, always, that the sea is the centre of interest of the photograph. People, boats and man-made structures may be present as incidental to the photograph.

Attention is drawn to the PSA Statements on Artificial Intelligence and Subject Matter.

FROM ABOVE (COLOUR) SECTION

This section accepts all images which do not meet the definitions of monochrome above.

Images entered in this section must be taken from a construction, a higher place or position, "the village terrain is visible from this particular perspective".

Attention is drawn to the PSA Statements on Artificial Intelligence and Subject Matter.

- Image stitching – combining multiple images with overlapping fields of view that are taken consecutively (panoramas);

Editing techniques that are not allowed:

- Removing, adding to, moving or changing any part of an image, except for cropping and straightening.
- Adding a vignette during processing.
- Blurring parts of the image during processing to hide elements in the original scene.
